

Due: Friday, November 2, 2012

Name

1. Find something in your house to write a description of.
Write at least 3 sentences describing your object. Don't forget to tell what color and size it is. Give lots of detail like we have been practicing in class.

2. Read every night with someone who loves you. You read to them and have them read to you. Write the name of one person you read with. _____

3. On the back of this paper practice writing your numbers to 100. Put a  around every number you would use to count by 2s and a  around every number you would use to count by 5s.

4. Complete the attached math pages.
